### Stitches:

These patterns use the following stitches which can be found on your included Tips Sheet PDF

Straight Stitch

Satin Stitch

Lazy Daisy

French Knot

Back Stitch

Split Stitch

Long and Short Stitch

The Birds and Nest pattern also includes Woven Spider's Wheels:

Start by making an odd number of Straight Stitches in a star shape out from a center point (follow the shape on the pattern.) Bring your needle up at the center between two spokes and slide it over one stitch and under the next, alternating round and round the circle until you reach the outer ends of the spokes. Finish the flower with a French Knot in the center.

Use 6 threads of floss for Satin Stitches, French Knots and Woven Spider's Wheels and 3 threads for all other stitches.

These designs fit nicely into 4 inch hoops, perfect for a sweet framed wall art pieces! Or you may choose to frame them in a 6 inch hoop and add a Dream Catcher stitch border around the outside using this tutorial at my blog:
